

Safety Rules for Wading Pools

1. Each child must have a signed permission form on file to participate in water play.
2. Each child must have his own swim suit and towel.
3. Children will be instructed to follow the listed safety rules:
 - Approach the wading pools in an orderly manner.
 - Always walk in the pool area; running is strictly forbidden.
 - Play safely in the water—climbing on other children, pushing, rough play is not acceptable.
 - Leave the pool promptly and orderly when the designated time is over.
4. Teachers will station themselves around the wading pools so that they can clearly see all of the children.
5. Teachers will make every effort to encourage proper safety standards.
6. Children who are not potty trained will have their own individual wading pool to play in.
7. Teachers will have a list of children participating in the wading pool activity.

Please sign and return the permission slip

I have read and discussed the safety rules of the water play program with my child. I understand that my child will not be in water over his/her waist.

I authorize my child to participate in water play at Cool Spring Child Care Center.
